

Hospital Quality MATTERS

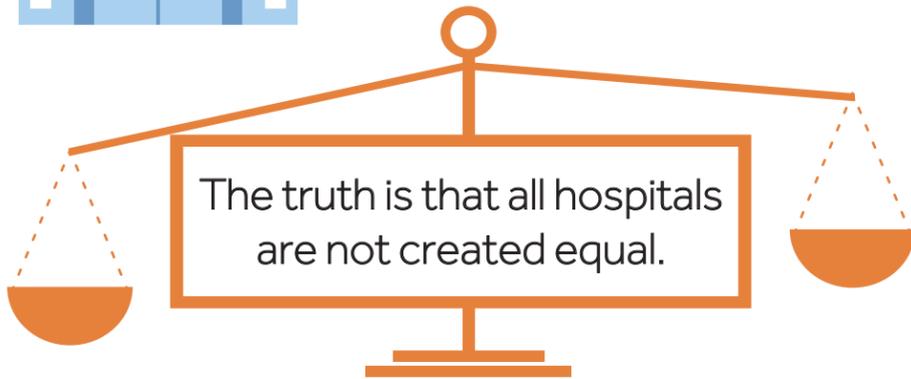

VS

Americans spend more time researching a cell phone plan than they do choosing a doctor or hospital.

Yet, what Americans don't know about their doctors and hospitals may be putting them at risk.

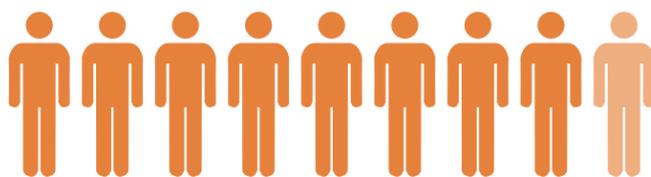

Healthgrades recognizes quality of care over a broad spectrum of clinical specialties and announces the Distinguished Hospital Award for Clinical Excellence

The 262 hospitals that achieved this award represent the top 5% of hospitals in the nation.

30.9%
fewer deaths

Between 2009 and 2011, if all hospitals performed at the level of Distinguished Hospitals of Clinical Excellence award recipients

164,414
lives could potentially have been saved

To view hospital-specific outcomes in your area, and to view the full report, visit Healthgrades.com, where more than 20 million people turn to every month to find, evaluate and connect with a doctor or hospital.
